

## QuantIC Partnership Resource Phase 2 Application Form

### Help with Completing this Form

Please check the Phase 2 Guidance before completing this form, it will provide valuable information and tips on how to answer each section.

Please ensure your submission is complete and conforms to our font size guidelines

Project Title	
Project Identifier (Internal Use)	
Total Grant Requested (max £250,000):	
Proposed Start date:	
Project Duration (maximum 24 months):	

### Section A. Abstract

Please provide a short abstract of the content and objectives of your project including what is innovative about it and how it aligns with QuantIC's objectives. Describe the proposed project in simple terms in a way that could be publicised to a general audience [**max 2000 characters including spaces**]. Note that this summary will be automatically published on QuantIC website and literature if the grant is awarded.

--

**Section B. Lead Applicant Details**

Please provide information on all partner companies or organisations involved in your project.

Lead Organisation Name:

Lead Organisation Address:

Lead Person Contact Details (Email/Tel):

Company Registration Number (if applicable):

**Co-Applicant 1 Details**

Organisation Name:

Organisation Address:

Co-Applicant Contact Details (Email/Tel)::

Company Registration Number (if applicable):

**Co-Applicant 3 Details**

Organisation Name:

Organisation Address:

Co-Applicant Contact Details (Email/Tel)::

Company Registration Number (if applicable):

**Co-Applicant 4 Details**

Organisation Name:

Organisation Address:

Co-Applicant Contact Details (Email/Tel)::

Company Registration Number (if applicable):

### Section C. Project Details

The aim of a Phase 2 project is to cover research and innovation activities with a particular focus on demonstration (field testing, prototype, miniaturisation, integration, scale-up studies, design, piloting innovative processes, products and services, validation, performance verification etc.).

In the space below please provide an outline description of:

Please clearly number your answers to cover all 5 areas outlined above.

**[Max 8000 characters including spaces]**

1. The idea, how it aligns with the scope of the scheme and its potential market impact

2. What you propose to do in the study, naming organisations or individuals that you intend to work/contract with

3. The deliverable/demonstrator and why it is technically innovative

4. Provide a justification of resources; if you are already funded by QuantIC articulate why the additional resources are necessary. Also explain what will be covered by the company contribution to the project.

5. Why have you chosen to apply to this fund, what is the added value of support from QuantIC? How does this project align and further the objectives of QuantIC.

**Section D. Opportunity and Market**

Please provide answers to the following four questions.

**[Max 4000 characters including spaces in total]**

1. What is the business opportunity that this project addresses? Please comment specifically on the size and nature of the market opportunity that this project might open up.

2. How will the results of the project be exploited?

3. What economic opportunities will this project help bring about to those outside of your business and over what timescale? What about social and environmental benefits?

4. If access to a partner's background IP will be required for the project or exploitation, what are the arrangements with regard to that? What are the arrangements regarding the exploitation of foreground IP?

Section E Governance and Risk

Please identify major risks, likelihood of occurring, potential impact and mitigation plans

**Section E. Finance Table**

Please complete the following table breaking down your costs.  
If you have any questions, please contact [info@quantic.ac.uk](mailto:info@quantic.ac.uk).
